Thanks, Mimi. I am attaching another David paper I think will be helpful for **Ex. 5 Deliberative Process (DP)**

Alexis is out until tomorrow. I am going to see if we can get on Anna's calendar for this Friday at 11am. Deborah, Sara and Betsy are all available.

Not sure if helpful for the briefing Lee is arranging, but I found the bullets below in my David Berol archives. We included this excerpt in a briefing to Betsy Southerland on **Ex. 5 Deliberative Process (DP)**

Attached is the Word doc version of the final briefing PDF Danielle attached in her message, which was presented to Lee Forsgren on 9/18/2017.

Let me know if I can help with anything.

FYI – Mimi, please see the email chain below regarding a joint briefing with OGC/OST for Anna regarding WQS/ESA. (Based on Steve's email below, it sounds like OGC would take the lead with support from OST).

Lee provided this first attachment which is a draft version of the final briefing document that Mimi used with Lee Forsgren. (I'm attaching the final as PDF but Mimi has the final Word version to work from).

Lee/Jim/Alexis – let us know what assistance you need once Alexis is back in the office next week.

Thanks,
Danielle

Deborah,

FYI. I discussed with Lee and Jim Keating and we will be working on a briefing document together. We will avoid scheduling anything for the week of August 13 as we will be at ACWA and we will schedule a pre brief for you.

FYI. Request from Anna to Steve for a briefing on ESA/WQS. I am attaching a draft briefing document from David Berol's files. Not sure if there was a final or if the briefing happened. But it is a good starting place. Assume it would be best if the requested briefing is a joint one between OGC and OST. Alexis is out until next Tuesday. Will follow up on how to proceed and timing.

Will do. We can do a 101 on the ESA interplay with standards approvals and peimulfations I would plan to have my folks take the lead but also including OST.

Steve,
Can you please put together for OW leadership a presentation on our baseline legal requirements for taking actions on water quality standards, including promulgating rules and making decisions on state proposals? Specifically, we have heard different formulations about our ESA consultation process and would like to understand our baseline legal requirements and options for consultation.

Give me a call if you have questions or concerns.
Thanks,
Anna
